

Genotypic Workshop Series #7 11th Aug 2018

Rapid Pathogen Identification

By Nanopore Sequencing

Get your own sample* sequenced and the
organism(s) identified

Date : 11th Aug 2018 (Saturday)
Time : 9:00 AM to 5:00 PM
Venue : Genotypic Technology Pvt. Ltd.
#2/13, Balaji Complex,
80ft Road Poojari Layout,
R.M.V Second Stage,
Bangalore – 560094.

Key Features:

Rapidly detect :

- Bacterial infections
- Fungal infections
- Viral infections
- Unidentified infections
- Mixed infections
- Samples with high or low pathogen load (CSF, sputum, fecal, blood, eye)
- Resistome (Discover antibiotic resistance)
- Real-time screening and monitoring of pathogen outbreaks

Do not require prior information of infectious agents

*** Bring 1ug of genomic/ metagenomic DNA and get it sequenced during the workshop**

*** Get a Nanopore sequencer from Genotypic**

*** A mini Genomics Lab at the cost of a qPCR machine**

Nanopore sequencing: From DNA to Reporting in less than a day!

Time	Session
09.00 AM	: DNA QC by Gel, Nanodrop and Qubit
10.00 AM	: Materials, methods and work flow
11.00 AM	: Library prep & Live run
01.00 PM	: Lunch
02.00 PM	: Analysis and reporting of identified pathogen
04.00 PM	: Mini Genomics Lab at your facility

For Registration:

Visit weblink: <http://www.genotypic.co.in/GWS2018>

Or Email with Name, Position, Institution, Field of Study, Address and Phone Number to: nanopore@genotypic.co.in

Or **Mr. Rahman +91 9900035748**

Ms. Rituparna +91 9591702266

Registration Fees:

For registration and sequencing your own Sample*:
INR 10,000 (Rupees Ten Thousand only) + GST 18%

For training:
INR 5,000 (Rupees Five Thousand Only) + GST 18%
Payment accepted by **NEFT/IMPS/PayTM**

The workshop is designed to provide first hand experience in rapid pathogen identification for professionals working in Clinical microbiology labs. Sample prep to reporting in less than a day!
