## About Genomics India 2019

The two day genomics conference will be a melting pot of Research and Innovation, Industry-Academia collaboration and Translation of Research into products and services. With a focus on sharing path breaking Research findings to indigenous products that address local needs, the conference will provide insights into the advances in Genomic technologies and their novel applications in various fields. This will include talks by Key Opinion Leaders from industry and academia, panel discussions and parallel sessions on 3rd Generation Sequencing, Modern Genomics, Genomics for Agrigenomics, Diagnostics, Start-ups, Biotech education and more. The conference will provide unlimited opportunities for interactions with experts from academia, industry, venture capitalists, government, profit and non-profit organizations of the Biotech sector.

## About Genotypic

Genotypic has been at the forefront of introducing and shaping genomics across industry and academia in India since its inception in 1998 as the first Genomics company in India. With a global reach and hundreds of publications citing their Services, Genotypic also has many firsts to its repertoire and has partnered with global Technology providers like Agilent Technologies, Illumina, ThermoFisher and Oxford Nanopore. Genotypic's expertise in genomics research is designed to drive the next big wave for genomics in India and abroad. Genomics India 2019, the commencement of an annual event organized by Genotypic, will facilitate in enabling the fortification of the already booming field of Genomics.

## Who Should Attend

Faculty, Post Docs and Students  
 Industrial R&D (Biopharma, FMCG, Vaccine development & manufacturing, Herbs and nutraceuticals)  
 Hospitals and Diagnostics (infectious diseases, gene testing/ molecular diagnostics)  
 Agriculture industry (seed companies, Agribiotech companies)  
 Biotech start-ups & SMEs  
 Biotech incubators

## Registration for Delegates

Delegate-Indian National	Early Bird (INR)	Late (INR)	Spot (INR)
<b>Corporate</b> [Registration includes entry to conference, conference material, refreshments and lunch as mentioned in the program]	8000	9000	10000
<b>Start - ups, Academic &amp; Government</b> [Registration includes entry to conference, conference material, refreshments and lunch as mentioned in the program]	6000	7000	8000
<b>Students</b> [Registration includes entry to conference, conference material, refreshments and lunch as mentioned in the program]	4000	5000	6000
<b>Clinicians</b> [Registration includes entry to conference, conference material, refreshments and lunch as mentioned in the program]	5000	6000	7000
<b>Accompanying person (Domestic)</b> [Entry to conference, lunch and refreshment. No conference material and no entry to presentations.]		5000	

## Sessions

### Day 1 | 24th January 2019

Genomics Research and Translation  
 Genomics in Crop Research  
 Genome Sequence to Genomic medicine  
 Genomics in Plant Protection  
 Genomics and Microbial world

### Day 2 | 25th January 2019

Big data, AI and P4 medicine  
 New Products for the Genomics World  
 Genomics in Biopharma  
 Challenges in Genome Informatics  
 Genomics for Startups & incubators  
 Genomics Biomarker and Vaccine

### Panel Discussion\*

Genome Science communication, Education and Employability

*\*Panel sessions spear headed by leaders from Academia, Policy makers, Industrialists, Venture capitalists, Investors, Researchers and more*

### Day 1 and Day 2 Specialities

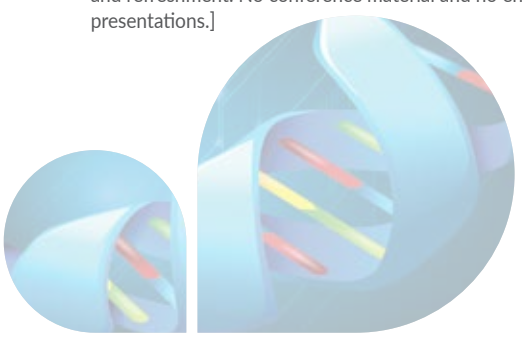

Plenary Talks  
 Key note Talks  
 Poster Sessions  
 Cultural Performances  
 Gala Dinner  
 Exhibitor Stalls  
 Webinars

Delegate-International (Foreign)	Early Bird (USD)	Late (USD)	Spot (USD)
<b>Corporate</b> [Registration includes entry to conference, conference material, refreshments and lunch as mentioned in the program]	400	500	600
<b>Start - ups, Academic &amp; Government</b> [Registration includes entry to conference, conference material, refreshments and lunch as mentioned in the program]	300	400	500
<b>Students</b> [Registration includes entry to conference, conference material, refreshments and lunch as mentioned in the program]	200	300	400
<b>Accompanying person (Domestic)</b> [Entry to conference, lunch and refreshment. No conference material and no entry to presentations.]		200	

**Register Now!**

**Early bird ends on 15/01/2019**

## Conference Committee

### Chief Patron:

**Prof. Samir K. Brahmachari**  
Founder Director CSIR-IGIB and  
former DG CSIR.

### Chairman:

**Dr. Raja Mugasimangalam**  
Founder and CEO, Genotypic Technology  
& QTLomics, Bangalore

### Chief Advisor:

**Dr. Sudha Rao**  
Co Founder and Executive Director  
Genotypic Technology  
Founder & Director Dhiti Omics  
Technologies, Bangalore

### Convenor:

**Dr. Venkatesh Krishnamurthy**  
Director – Nanopore Business,  
Genotypic Technology, Bangalore

## Awards and Certifications

Best Start-up award

Best Poster award

Best Exhibitor award

Lifetime Achievement (Academic)

Lifetime Achievement Award  
(Corporate)

## Speakers, Panelist and Chair

**Prof. K VijayRaghavan**  
Principal Scientific Adviser,  
Government of India and Former Director of  
The National Centre for Biological Sciences.

**Prof. Samir K Brahmachari**  
Founder Director CSIR-IGIB  
and former DG CSIR.

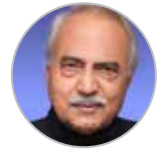

**Dr. Danny Zurr**  
Founder and Chariman of the Board,  
Quark Pharmaceuticals, Ness Ziona, Israel.

**Dr. Sanjeev Jain**  
Associated professor, Psychiatry unit,  
NIMHANS, Bangalore.

**Dr. Niyaz Ahmed**  
Senior Director, International Centre for  
Diarrhoeal Disease Research, Bangladesh

**Dr. Gundu H R Rao**  
Emeritus Professor, University of Minnesota  
Twin Cities & Chief Technology Officer, Stellixir  
Biotechnologies, Bangalore.

**Dr. Partha P Majumder**  
Head of Human Genetics Department, ISI, Kolkata.  
Chief Program Officer, National Institute of  
Biomedical Genomics.

**Prof. Ashish Kumar Das**  
Department of Biological Sciences,  
BITS Pilani.

**Dr. K Thangaraj**  
Chief Scientist, Basic Sciences - Genetics,  
CCMB.

**Dr. Sheshshayee M S**  
Professor, Department of Crop Physiology,  
UAS, GKVK, Bangalore.

**Dr. Rajan Dewar**  
Associate Professor, Director, Hematology  
Laboratory, Department of Pathology,  
University of Michigan.

**Dr. Jagadish Mittur**  
Biotechnology Facilitation Cell at  
KBITS, Department of IT BT and S&T,  
Government of Karnataka, Bangalore.

**Prof. K Dharmalingam**  
Director & DBT Distinguished Biotechnology  
Research Professor, Aravind Medical  
Research Foundation.

## Partner with us

### Promote your business

GIC 2019 will be the confluence of knowledge and interest. Promote your business at our exhibition stalls

### Networking

Interact and exchange dialogue with KOLs from industry and academia

### Develop with us

The objective of GIC 2019 is to create lasting interactions that lead to continued collaborations between all participants.

## Sponsorship Opportunities

	PLATINUM	DIAMOND	GOLD	SILVER
	INR 1000000 USD 15000	INR 500000 USD 7000	INR 300000 USD 5000	INR 100000 USD 2000
